

IRISH CHRISTMAS TREES

**CORPORATE CHRISTMAS
TREES & DECORATIONS
CATALOGUE**

SUPPLYING CORPORATE CHRISTMAS TREES AND CHRISTMAS DECORATIONS FOR OVER 25 YEARS

We have been supplying Christmas trees to the Irish market for over 60 years from our outlet in Milltown, Dublin 6. We've provided a corporate decorating service for the past 25 years.

WHAT WE OFFER

We supply a full decorating service and will visit your premises to discuss your requirements. We will quote you a price and agree a date for installation. On the agreed date our experienced staff will install and decorate your Christmas tree / office. After Christmas we will remove the tree and decorations.

OUT OF HOURS SERVICE

Whether you require a single decorated tree or a complete office makeover you can be confident of a professional service.

If required we will install your tree/decorations in the evenings or at weekends at no extra charge.

Real and artificial trees are available in sizes of 3ft (baby trees) to giant trees (13ft - 30ft). For giant trees we will visit the premises to measure the area before installing.

Our staff are fully insured and we can supply a RAMS if required.

CHRISTMAS DECORATIONS - COLOURS

Baubles are available in red, gold, silver and blue (other colours must be specially ordered).

Poinsettia flower heads available in red, gold, silver and ivory (other colours must be specially ordered).

Bows are available in red, gold and silver.

LED CHRISTMAS LIGHTS

We supply low voltage static warm white LED lights. If there is no power source we can supply timer controlled battery LED lights.

Our customers include all the major hotel groups, multinationals, car showrooms, banks, management companies, government offices and interior plants companies.

REAL TREES (NOBLE FIR/NORDMANN FIR) VERSUS ARTIFICIAL TREES

Real trees (Noble Fir) have a lovely scent and are a natural sustainably produced product. Real trees are not suitable for reception areas, warm areas, near radiators or where there is under floor heating. Real trees react differently to different environments, there is no guarantee that a real tree will last the Christmas season.

Note: Customers must choose a suitable location for a real tree.

Artificial Christmas trees have no smell but will look the same on the day that they are removed as the day they are delivered. All our artificial trees are made of fire retardant material. Fire certs are available upon request.

Universal Floral customers can order directly from us and you will be billed by Universal Floral.

VISIT OUR DUNDRUM SHOWROOM FROM 1ST NOVEMBER 2023

We have a large range of artificial Christmas trees, swags, garlands and decorations for sale in our showroom on Main Street, Dundrum, Dublin 14. Eircode D14 A250.

Click on the video above to see our team start to assemble a tree from scratch. Image of the finished product below.
